

Safer Internet Day 2022

Together for a better internet

Tuesday
8 February

5 Ways to Support Safer Internet Day

1. There are lots of fun ways to celebrate Safer Internet Day!

Why not hold a virtual coffee morning; host a talk for parents using our #SID2022 presentation; try out our Topic Generator to encourage people to have fun and informative conversations; share the Webwise Safer Internet Day resources on your newsletter; display your Safer Internet Day Supporter Certificate in the office, on your website, or on social media!

2. Register your support on webwise.ie/saferinternetday!

Join organisations and schools from across Ireland who are sharing their plans to celebrate #SID2022.

3. #TalkListenLearn

The internet is a big part of the lives of children and young people, and Safer Internet Day is a fantastic opportunity for families to #TalkListenLearn. Having regular discussions about life online is a key way to help children and young people have a safe and positive experience. The #TalkListenLearn campaign supports families to have those conversations. Get started using the fun and interactive #TalkListenLearn Topic Generator for conversation starters on a range of topics such as privacy, safety, sharing online, and false information.

4. Get free resources!

Each year thousands of people in Ireland celebrate Safer Internet Day, and there are lots of fun ways to get involved! Visit the Webwise Parents Hub for free resources for parents, along with fun activities and more ideas for ways that you can mark Safer Internet Day.

5. Spread the word!

Join in the global celebrations and share your support of Safer Internet Day by posting a message on social media using #SID2022, #TalkListenLearn and tagging @Webwise_Ireland.
